

# TIME FOR YOU TO FIND MORE REFERRALS

Join Optum's **Express Access Network** and Optum will direct more referrals your way.

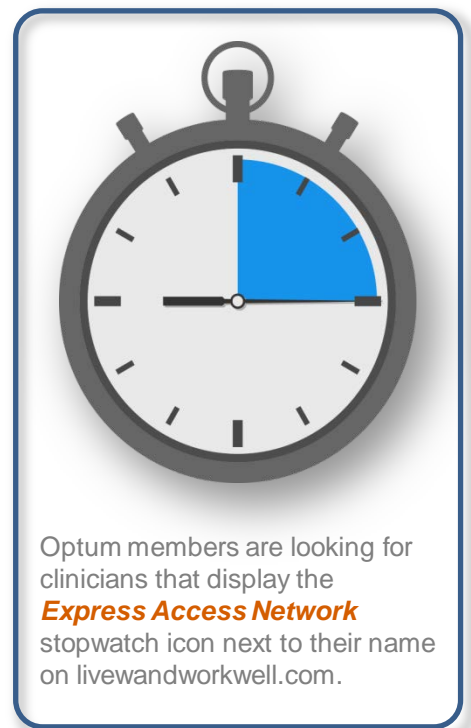

Optum's Express Access Network is designed to help you expand your practice and generate more revenue.

We do that by placing a stopwatch icon next to your name on our online provider directory, [liveandworkwell.com](http://liveandworkwell.com). The stopwatch icon indicates to members and care advocates that you have promised to see members within 5 business days of an appointment request.

That's a huge motivator for members in need of services to come see you.

All that's required is for you to sign a contract addendum promising to offer members a routine appointment within 5 business days of a request.

For more information please review the Express Access Network FAQs or contact your Optum/UBH Network Manager.
