

Today's speakers

- Lana Kats, MBA, Director of Network Management for NY Public Sector
- Erica Bou, LMHC, CRC, HCBS Administrator
- Barbara Tedesco, MS, CRC, Recovery and Resiliency Manager
- Gayle Parker-Wright, LCSW-R, Network Trainer
- Eunice Hudson, Provider Education Specialist
- Ilana Adler, LMSW, Government Liaison for NY

Agenda

- Welcome and Introduction
- Managed Care Transition
- Benefits
- Clinical Vision
- Clinical and Utilization Management Requirements
- Health Homes
- Cultural Competency
- Quality Improvement
- Credentialing and Recredentialing
- Recovery and Resiliency
- Billing
- Provider Express and UnitedHealthcare Online
- Network Services

Our United Culture

Our mission is to help people live healthier lives.
Our role is to make health care work for everyone.

Integrity. Compassion. Relationships. Innovation. Performance.

Honor commitments
Never compromise ethics

Walk in the shoes of people we serve and those with whom we work

Build trust through collaboration

Invent the future, learn from the past

Demonstrate excellence in everything we do

Managed care transition

- The NYS Office of Mental Health (OMH) is collaborating with the Department of Health (DOH) and Office of Alcoholism and Substance Abuse Services (OASAS) to implement the managed care transition in response to the recommendations and guiding principles set forth by the Medicaid Redesign Team (MRT) Behavioral Health (BH) Subcommittee
- The vision is to create a system that provides New Yorkers with fully integrated behavioral and physical health services offered within a comprehensive, accessible and recovery oriented system
 - For adults 21 and older, the integration of all Medicaid behavioral health (BH) and physical health (PH) benefits under managed care will go into effect
 October 2015 in NYC and on July 2016 in the rest of New York State and will be delivered through two BH managed care models

Managed care transition, continued

Managed care models:

- Qualified Mainstream Managed Care Organizations (MCOs): For all adults served in mainstream MCOs throughout the State, the qualified MCO will integrate all Medicaid State Plan covered services for mental illness, substance use disorders (SUDs), and physical health conditions
- Health and Recovery Plans (HARPs): HARPs will manage care for adults with significant behavioral health needs
 - They will facilitate the integration of physical health, mental health, and substance use services for individuals requiring specialized expertise, tools, and protocols which are not consistently found within most medical plans
 - In addition to the State Plan Medicaid services offered by mainstream MCOs, qualified HARPs will offer access to an enhanced benefit package comprised of Home and Community Based services (HCBS) designed to provide the individual with a specialized scope of support services not currently covered under the State Plan

Managed care transition, continued

The Managed Care System is being developed based on the Medicaid Redesign Team (MRT) guiding principles

- Person-Centered Care management
- Integration of physical and behavioral health services
- Recovery oriented services
- Patient/Consumer Choice
- Ensure adequate and comprehensive networks
- Tie payment to outcomes
- Track physical and behavioral health spending separately
- Reinvest savings to improve services for BH populations
- Address the unique needs of children, families & older adults

Understanding Wellness4Me

- Wellness4Me is a new UnitedHealthcare Community Plan product for HARP- eligible members
- A member cannot be enrolled in the UnitedHealthcare Wellness4Me
 Plan and a Managed Medicaid Plan The member must choose one plan
- The member must clinically qualify for Home and Community Based Services based on the results of the New York State (NYS) Community Mental Health Assessment (needs assessment)

Understanding Wellness4Me, continued

- NYS will "passively" enroll Community Plan members into the Wellness4Me Plan based on diagnosis and claims history
- Members can "opt out" of joining the Wellness4Me Plan and enroll in the Managed Medicaid plan within the first 90 days of enrollment
- Members can dis-enroll from either benefit within the first 90 days of enrollment
 - After 90 days, members must have a good reason to dis-enroll (e.g., moved out of the service area)
- If the Member is not enrolled in a HARP or opts out, they will not be eligible to receive HCBS effective January 1, 2016

Wellness4Me (Health and Recovery Plan, HARP): phase 1

- October 1, 2015: both the Mainstream Medicaid and Wellness4Me Plan (HARP) benefits were rolled out for members who are 21 years and older residing in the 5 boroughs of New York City
- January 1, 2016: Home and Community Based Services (HCBS) for Wellness4Me members began in the 5 boroughs of New York City
- Membership by Borough / County
 - Bronx = Bronx County
 - Brooklyn = Kings County
 - Queens = Queens County
 - Manhattan = New York County
 - Staten Island = Richmond County

Wellness4Me Plan (HARP): phases 2 & 3

Phase 2

- July 1, 2016: includes all adults 21+ years old, in the rest of state
 - All New York State, eligible adults 21 and older, who meet the criteria can be enrolled in the Wellness4Me Plan
- October 1, 2016: Home and Community Based Services (HCBS) for Wellness4Me members will begin in the rest of state

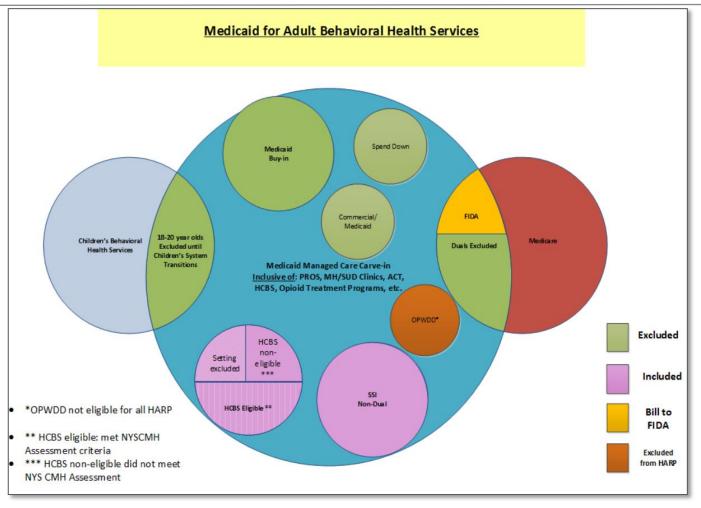

Phase 3

- July 1, 2017: all adults under 21 years old, adolescents and children in New York City (5 Boroughs), Nassau and Suffolk
- January 1, 2018: all adults under 21 years old, adolescents and children in the rest of state

Covered populations*

*From MCTAC presentation on 10/20/15

Wellness4Me Plan (HARP) and Mainstream Medicaid

Covered Benefits for HARP and Behavioral Health Benefit					
Services	HARP Enrolled	Medicaid			
	Members	Behavioral Health			
		Benefit			
Medically supervised outpatient withdrawal (OASAS services)	Covered	Covered			
Outpatient clinic and opioid treatment program (OTP) services (OASAS services)	Covered	Covered

Clinical Vision

Gayle Parker-Wright, LCSW-R, Network Trainer

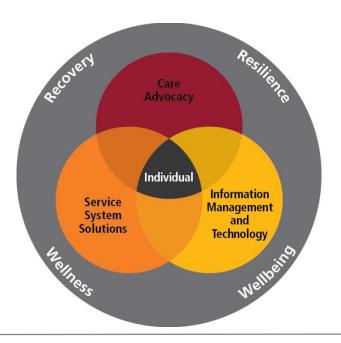

Our Clinical Vision

Care Advocacy

The purpose of Care Advocacy is intervention on behalf of individuals living with a health issue. We improve the experience of individuals we serve, using a range of tools and resources. We are dedicated to recovery, resiliency, wellness and wellbeing provided at the highest quality and most cost-effective manner.

Service System Solutions

The purpose of Service System Management is to improve the structure of, access to and practice within systems of care. We build relationships within local communities to learn about and improve healthcare systems.

Information Management and Technology

The purpose of Information Management and Technology is to create a more engaging, effective and affordable healthcare experience and to empower individuals in their pursuit of well-being.

Our goals

Recovery Focus

- Apply recovery principles from first call through natural community supports
- Support use recovery language and principles in every aspect of our work

Improve Access to Care

- Right care at the right time
- Collaborate with providers to ensure timely access to services
- Increase community-based services

Integrate Physical and Behavioral Health

- No wrong door access to care
- Eliminate silos through integrated personcentered care plans
- Broaden provider focus for integrating care

Reduce Cost

- Reduce readmissions to inpatient
- Engage community based crisis stabilization and use of PCP services
- Increase use of natural community supports

Tools for system transformation

Utilization Management

- Review requests for service against LOCG's /LOCADTR:
 - Prior Notification
 - Pre-Certification
 - Prior Authorization
 - Concurrent Review
 - Transition Planning for successful discharge

Care Coordination

- Follow-up support after discharge
- Risk assessment and safety planning
- Coordination with community resources
- Support member's recovery goals
- Engagement of member, family, and other support systems in development of care plan

Person-Centered Care

- Align closely with Health Home and Accountable Care Teams
- Care plans include:
 - Strength-based assessment, including culture
 - Measurable/ attainable/ realistic/timely objectives
 - Keeps the person in context of their environment and natural supports

Quality Driven Outcomes

- Team-Facing Measures:
 - Call quality
 - Inter-rater reliability measures
- Performance Improvement Projects
- Provider/Member -Facing Measures include HEDIS/NCQA
- HCBS
- Special Populations

Clinical and Utilization Management Requirements Erica Bou, LMHC, CRC HCBS Administrator

Wellness4Me: HCBS covered services

- Psychosocial Rehabilitation
- Community Psychiatric Support and Treatment (CPST)
- Habilitation
- Family Support and Training (FST)
- Short-Term Crisis Respite
- Intensive Crisis Respite
- Education Support Services
- Empowerment Services Peer Supports (OMH)
- Pre-Vocational Services
- Transitional Employment
- Intensive Supported Employment
- Ongoing Supported Employment
- Transportation

HCBS utilization parameters

HCBS will be subject to calendar year utilization caps at the Member level.

- Tier 1 HCBS: limited to \$8,000
- Tier 1 and Tier 2 combined have an overall cap of \$16,000
- Utilization caps exclude crisis respite: short-term crisis respite and intensive crisis respite are each limited within their own individual caps to 7 days per episode and 21 days per year

Tier 1: Employment, education and peer support

Tier 2: Full array of HCBS

Home and Community Based Services

Eligibility

- HARP enrolled members only
- Wellness4Me is the **Community Plan HARP Product**
- HCBS services will not be available for **ROS until 10/1/16**
- HARP eligibility is being entered by Maximus and phased in over three months
- · Must live in one of the HARP eligible housing settings as defined by the state (slide 26)

Assessment

- Conflict-free assessment: New York State **Community Mental Health Assessment**
- Brief and full assessment
- Functional needs are identified based on the assessment results
- Health Home Care **Coordinator or State** designated care management agency administer the assessment

Plan of Care

- Health Home Care coordinator or NYS **Designated CMA** completes Plan of Care (POC) based on the New York State **Community Mental Health Assessment**
- POC should reflect person-centered goals, strengths and resiliencies
- POC should include all services and referrals for the member
- POC should be reviewed and approved by MCO

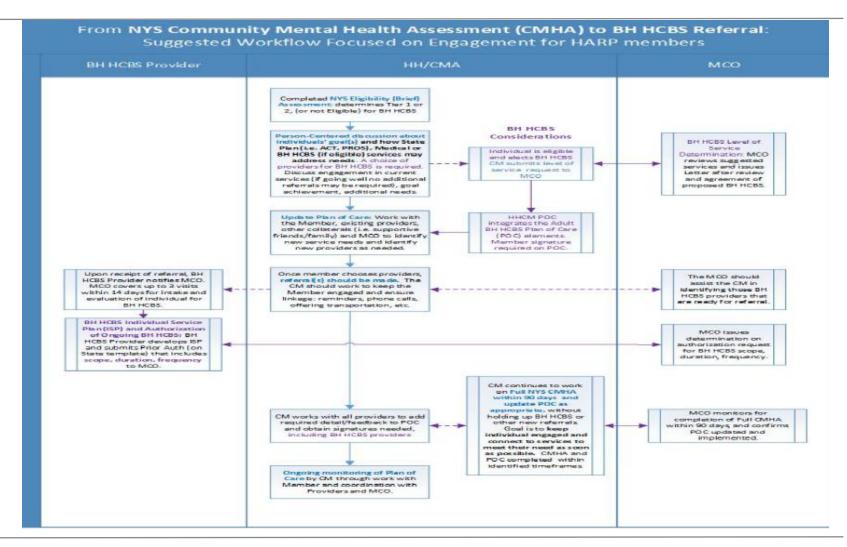

HCBS Providers

- Request notification when member presents for services
- Concurrent reviews will be requested based on frequency, duration and service type as well as any change in member 's needs

NYS Expedited Workflow from Assessment to Referral

Adult Behavioral Health (BH) HCBS residential settings

Adult BH HCBS Approved Settings	Still Under Review	Adult Residential Not Meeting CMS Standard for Community Setting
 OMH Supported Housing Independent Community Housing 	 OMH Apartment Treatment Programs OMH-CR-SRO* OMH-SP-SRO** OMH 100% Special Needs SP-SRO OMH-SP SRO Mixed Use OASAS Supportive Living OASAS Residential Reintegration/Scatter Site Setting *Community Residence, Single Room Occupancy Housing **Supportive Single Room Occupancy Housing 	 OMH Community Residence OMH Adult Home OMH Housing located adjacent to and on State Hospital grounds OASAS Intensive Residential OASAS Community Residence OASAS Inpatient Rehab OASAS Residential Rehabilitation OASAS Residential Reintegration/Congregate Setting

Person-Centered Plan of Care

- Plan of Care (POC)
 - Master integrated document
 - Includes all services: providers, frequency and duration, contact information
 - Ideally POC will be completed by Health Home Care Coordinators
 - POC must be submitted to the Plan for approval
 - Confirm providers in network
 - Verify member eligibility for the services listed
 - Evaluate POC for recovery goals that are person-centered and echo the member's goals in his/her words
 - Our Care Advocates monitor the POC when:
 - Member is not enrolled or is refusing Health Home care coordination or
 - Member is not Health Home eligible

We are committed to assist members with field-based care advocates, peers, community health workers and housing specialists

Federal HCBS Plan of Care documentation requirements

- Must reflect Member's strengths and preferences including goals, desired outcomes, living environment, paid and natural supports
- Must be written in common language (understood by the member), and include
 - Assessed needs
 - Positive support and interventions to meet identified needs
 - Measurable recovery goals
 - Clear time frames to achieve goals
 - Specified time frame and procedure to review recovery goals and progress towards the goals
 - Note how interventions support needs and minimize risk factors
 - Document member education of risks and benefits associated with the interventions
- Must document informed consent finalized and agreed upon by the member and wherever possible the HCBS service provider

Federal Guidelines for Person-Centered Care Planning

- Offers informed choice including involvement of natural supports and people chosen by the member to participate in developing the plan
- Record the HCBS settings that member is considering
- Reflect cultural considerations including language proficiency and access for individuals with disabilities
- Includes method for the member to request updates to the plan when applicable
- Includes strategies for resolving conflict and potential conflict of interest for example:
 - The HCBS provider should not be developing the plan of care and /or providing case management service unless NYS demonstrates the provider is the only willing and qualified entity to provide case management

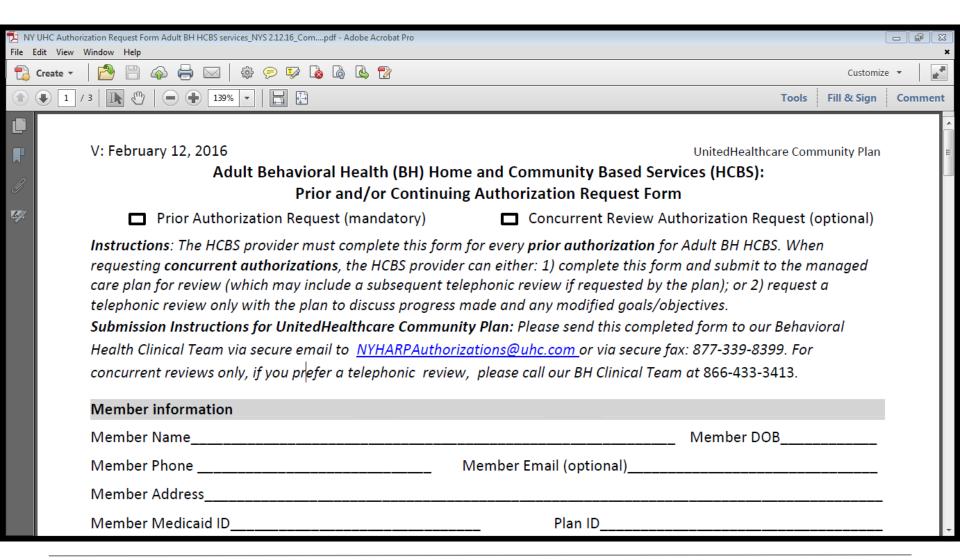

NYS Allowable Billing Combinations (provided by MCTAC)

HCBS Service specific plans

- The member's presenting issues warranting services
- The member's problems and strengths
- The member's service goals are consistent with the purpose and intent of the program
- Plan for the provision of additional services to support the recipient outside of the program
- Criteria for discharge planning
- Person-centered care planning is clear and includes
 - Consistent goals and objectives
 - Concrete and easy to understand information (who, what and when)
 - Evaluation of goal attainment
 - Proactive planning to prevent or de-escalate crisis

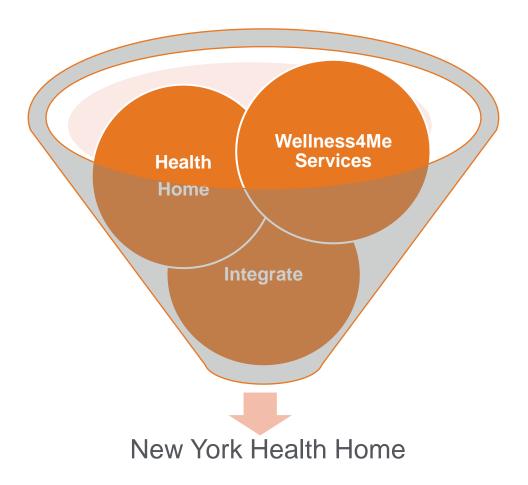

Wellness4Me Health Homes and Care Coordination

Erica Bou, LMHC, CRC HCBS Administrator

Wellness4Me Care Coordination and Health Homes

Populations Health Homes serve

- Individuals who are experiencing a severe disability or mental illness
- High risk homeless
- Medication Assisted Therapy (MAT)
- Members seeking permanent housing and a sense of community
- Transition from jail/prison
- Court-ordered community dwellers
- Members with complex medical conditions such as obesity, diabetes, asthma, HIV, congestive heart failure, etc.

What services does a Health Home provide?

The six (6) core Health Home functions mandated by the Patient Protection Act are:

Operational Priorities	Medical	Behavioral	Social
Transition of care	Χ	Χ	X
Care coordination	Χ	Χ	X
Referral management	Χ	Χ	Х
Individual care	Χ	Χ	Х
Health promotion	Χ	Χ	Х
Care support for family/caregiver	Х	X	Х

Health Home and HARP

- HARP eligible members are flagged on the member assignment list sent to Health Homes
- Health Homes prioritize outreach to HARP eligible members
- UnitedHealthcare provides specific performance metrics for the services provided to Wellness4Me population
- Increased collaboration between United's Accountable Care Team and HARP Team around Wellness4Me population
- Education is provided to the Health Homes regarding HCBS during monthly joint operation meetings

Cultural Competency

Gayle Parker-Wright, LCSW-R, Network Trainer

Cultural competency

- Cultural and linguistic competence is a set of congruent behaviors, attitudes, and policies that come together in a system, agency, or among professionals, that enables effective work in cross-cultural situations
- Competence means having the capacity to function effectively as an individual and an organization within the context of the cultural beliefs, behaviors, and needs presented by members and their communities

Cultural competency, continued

- Culture refers to integrated patterns of human behavior within various racial, ethnic, religious or social groups, including:
 - Language
 - Thoughts
 - Communications
 - Actions
 - Customs
 - Beliefs
 - Values
 - Institutions

Importance and value of cultural competence

- Given the diverse ethnic population in New York, providers must be prepared to provide culturally appropriate services
- Service settings and approaches should be culturally sensitive to engage individuals from diverse backgrounds to access services
- Promoting open discussions about mental health or substance abuse issues is an important step to reduce the stigma many individuals have
- Emphasizing individualized goals and self-sufficiency encourages members to live their lives to the fullest

Quality Improvement Gayle Parker-Wright, LCSW-R, Network Trainer

Quality improvement

Quality of care is measured and monitored throughout the organization.

Examples of how we measure quality:

- Complaints
- Sentinel Events
- Provider Satisfaction Surveys
- Member Satisfaction Surveys
- Coordination of Care
- Best Practice Guidelines
- HEDIS® measures

Member complaints

As an organization we investigate all member complaints (also known as grievances)

Complaints may be reported in different ways:

- Information is provided by the member and/or family member to the Health Plan or other internal department that reports cases
- Member direct report through calling the Health Plan Customer Service Department

Providers are part of the investigative process

- Submit medical records for review
- Provide a response to an allegation
- Cooperate as necessary to resolve the investigation

Sentinel Events

What is a Sentinel Event?

Sentinel events are defined as a serious, unexpected occurrence involving a Member that is believed to represent a possible quality of care issue on the part of the practitioner/facility providing services, which has, or may have, deleterious effects on the Member, including death or serious disability, that occurs during the course of a Member receiving behavioral health treatment.

Reporting Sentinel Events to Quality:

- If you are aware of a sentinel event involving a Member, you must notify UnitedHealthcare Community Plan within one business day of the occurrence
- Standardized reporting forms (located <u>here</u> on Provider Express) should be sent directly to the Quality Department through secure fax or email:
 - Fax: 844-342-7704 Attn: Quality Department
 - Email: NYBH_QIDept@uhc.com
- Additional information about Sentinel Events can be found in the Behavioral Health Provider Manual

Appeals

An Appeal is any of the procedures that deal with the review of adverse determinations on the health care services a Member is entitled to receive or any amounts that the Member must pay for a covered service.

All Appeals should be submitted to:
UnitedHealthcare Community Plan Appeals
P.O. Box 31364
Salt Lake City, UT 84131-0364

For questions about Appeals, you may call 866-362-3368

Provider quality audits

- Provider audits are completed for a variety of reasons:
 - On-going monitoring of providers, including Home and Community Based Services providers
 - At the time of Credentialing and Recredentialing for providers without OMH/OASAS certification and without a national accreditation (for example, The Joint Commission or CARF)
 - Quality of Care (QOC) investigation
 - Investigation of member complaints regarding the physical environment of an office or agency

Provider quality audits, continued

Elements reviewed during audits

- Physical environment
- Policies and procedures
- Member treatment records
- Personnel files

Scoring of Audits

- 85% and higher is passing
- Scores between 80 84% require a Corrective Action Plan (CAP)
- Scores below 79% require a CAP and re-audit

Audit tools

- There are 8 audit tools for New York Medicaid:
 - Organizational Provider Site Audit Tool
 - Treatment Record Review Tool
 - HCBS Record Tool
 - Case Management Record Tool
 - Psychosocial Rehab Record Tool
 - Peer Support Record Tool
 - Clinician Site Audit Tool
 - Home Office Site Audit Tool
- The audit tools are posted on providerexpress.com: from the home page, choose Our Network > Welcome to the Network > New York > Quality Improvement > Audit Tool Names

Documentation standards

- Information regarding documentation standards for behavioral health providers can be located in 3 places:
 - The Optum Network Manual (located on providerexpress.com): from the home page, choose Clinical Resources > Guidelines/Policies & Manuals > Optum Network Manual > Treatment Record Documentation Requirements
 - The New York Mainstream Medicaid and Wellness4Me Behavioral Health Provider Manual (located on Provider Express: from the home page choose Our Network > Welcome to the Network > New York > NY Medicaid Behavioral Health Provider Manual)
 - The audit tools

Documentation standards, continued

Highlights of documentation standards

- Record must be legible
- All entries must be signed by the rendering provider
- Entries must include the start and stop time or length of time spent in the session (for timed sessions)
- A Psychiatric and medical history, including the presenting problem, is documented
- Risk assessments (initial and on-going), including safety planning when applicable are present
- A Substance abuse screening is completed
- · For children and adolescents, a complete developmental history is documented

Documentation standards, continued

- Treatment planning documentation includes
 - Short- and long-term goals that are objective and measurable
 - Time frames for goal attainment
 - Updates to the plan when goals are achieved or new issues are identified
 - Modifications to goals if goals are not achieved
- Coordination of care is completed (and documented) with Primary Care Physicians
- Coordination of care is completed (and documented) with other treating providers
- If the member refuses to allow coordination to occur, that is clearly documented in the treatment record
- Discharge planning should be on-going and a discharge summary is documented when services are completed
- Medical necessity for services that are rendered is clearly documented

HCBS documentation standards

The HCBS documentation requirements for encounters specifically include:

- Name of member
- Type of service provided
- Date of service provided
- Location of service
- Duration of service, including start and end times
- Description of interventions to meet Plan of Care goals
- Outcome(s) or Progress made toward goal achievement
- Follow up/ next steps
- Provider name, qualifications, signature and date

Provider quality audits, continued

Feedback to providers

- Feedback is provided verbally at the conclusion of the audit
- A written feedback letter is mailed within 30 days for routine audits; for Quality of Care audits, the feedback letter is mailed after the requesting committee reviews the audit results
- When a Corrective Action Plan is required, it must be submitted within 30 days of the request
- Re-audits are completed within 3-6 months of acceptance of the Corrective Action Plan

Credentialing and Recredentialing

Gayle Parker-Wright, LCSW-R, Network Trainer

Network participation requirements

- The participation process begins with submission of the provider application
 - Agencies pursuing group contracts complete the Agency Application
- Additional required application materials include
 - Signed Agreement
 - Signed Disclosure of Ownership and Control Interest Statement
 - One per agency if pursuing a group contract
- Pre-contractual site audits
 - Required for unaccredited agencies pursuing group contracts
 - May be waived if licensed/certified by OMH/OASAS or HCBS designated
- Approval by Optum Credentialing Committee

Credentialing of groups and agencies

Group Contracts

- For provider group agencies that employ both licensed professional and unlicensed paraprofessional staff to render services under the umbrella of the agency, Optum will execute group contracts with the agency as the contracting entity
- Group agencies must submit the Agency Application, including the services being provided and the licensed clinical professionals on the staff roster (when requested)
- The individual licensed clinicians on staff do not need to submit CAQH applications or be individually credentialed when they work for the agency under a group contract Agreement

Recredentialing

- Recredentialing is completed every 36 months (3 years)
 - This time line is established by NCQA
- Several months prior to the recredentialing date, a recredentialing packet will be sent to the provider
- Completion of the entire recredentialing packet is required for the recredentialing process to be completed
- Site audits will be completed for organizational providers as indicated by Optum policy
- Failure to complete the recredentialing paperwork or participate in the recredentialing site audit (when applicable) will impact the provider's status in the network
- Completion of the recredentialing process takes time, it is important to submit required documentation as soon as possible

Recovery and Resiliency and Peer Support Services Barbara Tedesco, MS, CRC, Recovery and Resiliency Manager

Origins of recovery: it's mainstream now

1900-1960 1900's:

2000 - present

Institutionalization - shackles, restraint to early origins of rehabilitation 1940's:

Earliest psychosocial rehabilitation programs 1950's:

Medication, shock therapy 1960's:

Radical/anti-psychiatry movement/ de-institutionalization

<u>1970's</u>:

Organized groups fighting for patients' rights. Community support services 1980's:

1970-1990

Consumers selfhelp/advocacy groups & peer-run services 1990's:

Surgeon General's report: recovery, peer services, psychiatric rehab

2000's:

President's New
Freedom Commission
validates the concept
of recovery;
IOM Quality Chasm:
mental health is key to
overall health
2010's:
Moving from recovery

Moving from recovery as an add-on for outliers to core

Origins of addiction recovery

Pre-1900-1960

1970-1990

2000's - present

1800's:

Native American movements 1840's:

Temperance movements 1935:

Alcoholics Anonymous 1948 (again in 1963): Narcotics Anonymous

<u>1970's</u>:

Medication supported treatment (methadone)

<u>1980's</u>:

Dual diagnosis supports; recovery from addiction becomes fashionable

<u>1990's</u>:

Recovery advocacy movement: involvement in policy and program development; conversation begins of validating recovery support services 2000's:

President's New
Freedom Commission
validates the concept
of recovery;
IOM Quality Chasm:
mental health is key to
overall health
2010's:

Moving from recovery as an add-on for outliers to core

New SAMHSA definition

Working Definition of Recovery

A process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential.

Principles of Recovery

- Person-driven
- Occurs via many pathways
- Holistic
- Supported by peers
- Supported through relationships
- Culturally-based and influenced
- Supported by addressing trauma
- Involves individual, family, and community strengths and responsibility
- Based on respect
- Emerges from hope

Four major domains that support recovery:

- Health: Overcoming or managing one's disease(s) as well as living in a physically and emotionally healthy way
- Home: A stable and safe place to live
- **Purpose**: Meaningful daily activities, such as a job, school, volunteerism, family caretaking, or creative endeavors, and the independence, income, and resources to participate in society
- Community: Relationships and social networks that provide support, friendship, love, and hope

Shifting the paradigm

Illness/Deficit Focused	Recovery/Person-Centered
Mastery of the professional treating deficits – compliance of individual	Partnership emphasizing collaboration, strengths, skill-building, and empowerment leading to resilience
Services begin with illness assessment and work toward illness reduction goals	Services begin with engagement and work toward quality of life goals
Recovery from the illness sometimes results after illness and behaviors are managed	Personal recovery is central from beginning to end
Motivation for change is externally driven	Motivation for change based on personal hope and individuals' own goals
Medication compliance is key	Medication is one tool based on informed choice
Use techniques that promote illness control and reduction of risk	Use techniques that promote personal growth and self-responsibility
Services are forever and embedded in MH system	Emphasis on personal life management and the use of natural community resources

Resilience

Definition of Resilience

"The capacity of a system, enterprise, or a person to maintain its core purpose and integrity in the face of dramatically changed circumstance."

Good News

- "New research suggests that there are concrete things we can do to bolster resilience"
- "Resilience appears to be a common phenomenon of basic human adaptation systems"
- "Patterns of resilience depend upon habits of the mind that we can cultivate"

Adapted from: "Resilience: Why Things Bounce Back," Andrew Zolli & Ann Marie Healy (2012)

Facilitators of Resilience

- Trauma informed practices: What happened to you vs. what is wrong with you
- Build optimism, accentuate strengths
- Strong support system, including self-help
- Cultural identity and pride
- Hope
- Creativity and powers of persuasion
- Mindfulness
- Inspire and be inspired

Peer support specialists

Certified Peer Specialist

- Person who acknowledges "lived experience" and maintains strong recovery strategies
- Uses recovery strategies and formal training for the benefit of others
- May offer emotional support, share knowledge, teach skills toward meaningful life goals

Effectiveness

- Engaging and retaining people in MH and SU services
- Supporting people in taking active role in treatment
- Lowering re-hospitalization rates/reducing ER services

Effectiveness

- · Increasing overall satisfaction with services
- Reducing symptoms and/or substance use
- Improvements in practical outcomes (employment, housing, etc.)

Why

- Supported by New Freedom Commission, SAMHSA, Crossing the Quality Chasm, etc.
- Evidence-based practice
- It works

- omh.ny.gov/omhweb/bho/hcbs-manual.html
- omh.ny.gov/omhweb/bho/phase2.html

Psychosocial Rehabilitation (PSR)

- Three different types of sessions
 - Individual, per 15 minutes
 - Billed in 15 minute units with a limit of 8 units per day (2 hours)
 - May be billed the same day as a PSR group session; can't be billed on the same day as a PSR individual per diem
 - May be provided on or off-site
 - Staff transportation is billed separately as appropriate
 - Individual, per diem
 - Billed daily with a max of 1 unit
 - May not be billed the same day as a PSR group session or an individual per 15 minutes
 - May be billed on or off-site
 - Staff transportation billed separately as appropriate
 - Group
 - Billed daily in 15 minute units with a limit of 4 units per day (1 Hour)

Community Psychiatric Support & Treatment (CPST)

- Billed daily in 15 minute increments
- Payment is broken into various levels through the use of the procedure codes and, when applicable modifier codes, that indicate the type of staff providing the service
- No group sessions
- May only be provided off-site
- Staff transportation is billed separately as appropriate

Habilitation/Residential Support Services

- Billed daily in 15 minute increments with a limit of 12 units (3 hours) per day
- There are no group sessions for this service
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Family Support and Training (FST)

- Session provided to one family
 - Billed daily in 15 minute increments with a limit of 12 units per day
 - May be provided on or off-site
 - Staff transportation is billed separately as appropriate
- Group (consists of 2-3 families)
 - Billed daily in 15 minute increments with a limit of 12 units per day
 - May be billed on the same day as a FST one family session
 - May be provided on or off-site

Short Term Crisis Respite

- Billed daily with a max unit of 1 per day
- Stays may be no longer than 7 days per episode, not to exceed a maximum of 21 days per year (some exceptions apply, see HCBS manual)
- May only be provided in facilities dedicated to this purpose
- Fee includes transportation, do not bill transportation separately

Intensive Crisis Respite

- Billed daily with a max unit of 1 per day
- Stays may be no longer than 7 days per episode, not to exceed a maximum of 21 days per year (some exceptions apply, see HCBS manual)
- May only be provided in facilities dedicated to this purpose
- Fee includes transportation, do not bill transportation separately

Education Support Services

- Billed daily in 1 hour units with a max units of 2 (2 hours)
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Empowerment Services, Peer Supports

- Billed daily in 15 minute units with a limit of 16 units (4 hours) per day
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Pre-Vocational Services

- Billed daily in 1 hour units with a limit of 2 units (2 hours) per day
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Transitional Employment

- Billed daily in 15 minute units with a limit of 12 units (3 hours) per day
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Intensive Supportive Employment

- Billed daily in 15 minute units with a limit of 12 units (3 hours) per day
- May be provided on or off-site
- Staff transportation is billed separately as appropriate
- Modifier is used to indicate "Complex Level of Care"

On-Going Supported Employment

- Billed daily in 15 minute units with a limit of 12 units (3 hours) per day
- May be provided on or off-site
- Staff transportation is billed separately as appropriate

Transportation

Staff transportation, non-emergency

Per mile

- Billed daily in per mile units with a limit of 60 miles for a round trip
- 0.58 cents per mile (per federal guidelines)

Per round trip

- Billed monthly using the first day of the month as date of service
- Each round trip counts as one unit, with a limit of 31 units per calendar month

Submission of Claims

Clean claim

A claim with no defect or impropriety (including any lack of any required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payments from being made on the claim is considered a clean claim.

- All required fields are
 - Complete
 - Legible

All claim submissions must include:

- Member's name, Medicaid identification number and date of birth
- Provider's Federal Tax I.D. number (TIN)
- National Provider Identifier (NPI)
- A complete diagnosis (ICD-10-CM)

Providers are responsible for billing in accordance with nationally recognized CMS Correct Coding Initiative (CCI) standards. Additional information is available at cms.gov

Claims submission deadline

- Providers must initially submit claims within one hundred and twenty (120) days after the date of the service
- Paper clean claims will be paid within 45 days of receipt
- Electronic clean claims will be paid within 30 days of receipt
- If a provider wants to appeal a claim payment or denial, the appeal must be submitted within 90 days after receipt of the Provider Remittance Advice (PRA)

Claims submission option 1: EDI/Electronically

- Electronic Data Interchange (EDI) is an electronic-based exchange of information
- Performing claim submission electronically offers distinct benefits
 - It's fast eliminates mail and paper processing delays
 - It's efficient electronic processing helps catch and reduce pre-submission errors, so more claims auto-adjudicate
 - It's complete you get feedback that your claim was received by the payer
 - It's cost-efficient you eliminate mailing costs, the solutions are free or lowcost
- You may use any clearinghouse vendor to submit claims
- Payer ID for submitting claims is 87726
- Additional information regarding EDI is available on <u>UHCCommunityplan.com</u>

Claims submission option 2: hardcopy

Paper claims submitted via U.S. Postal Service should be mailed to:

Optum Behavioral Health P.O. Box 30760 Salt Lake City, UT 84130-0760

Appeals submitted via U.S. Postal Service should be mailed to:

United Healthcare Community Plan, Appeals P.O. Box 31364
Salt Lake City, UT 84131-0364

Electronic Payments & Statements (EPS)

- Faster Payments, better cash flow
- Less work, more time
- No need to change your current posting process
 - For more information call 866-842-3278, option 5
 - Or visit https://www.unitedhealthcareonline.com

Provider Express
UnitedHealthcare Online
Live and Work Well

Provider Express

Provider Express - <u>providerexpress.com</u>

Our industry-leading provider website includes both public and secure pages for behavioral health providers. Public pages include general updates and useful information. Secure pages require registration and are available only to network providers. The password-protected "secure transactions" provides New York Medicaid providers access to provider-specific information.

Provider Express, (continued)

Public Pages include general updates and other useful information:

- Download standard forms (i.e. provider demographic updates, psych testing forms)
- Find network contacts
- Review clinical guidelines
- Access archived issues of Network Notes, the provider newsletter
- Level of Care Guidelines
- Training/Webinar offerings

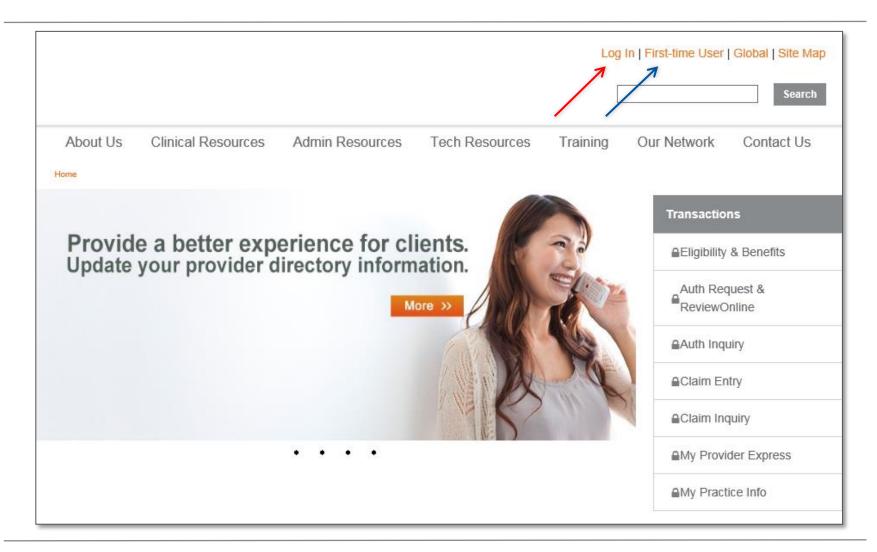

Provider Express, (continued)

- Secure pages are available only to Optum in-network providers and require registration
- Providers will be able to update their practice information using the "My Practice Info" feature
- To request a User ID, select the "First-time User" link in the upper right corner of the home page
- If you need assistance or have questions about the registration process, call the Provider Express Support Center at 866-209-9320 (toll-free) from 7 a.m. to 9 p.m. Central time, or chat with a tech support representative online

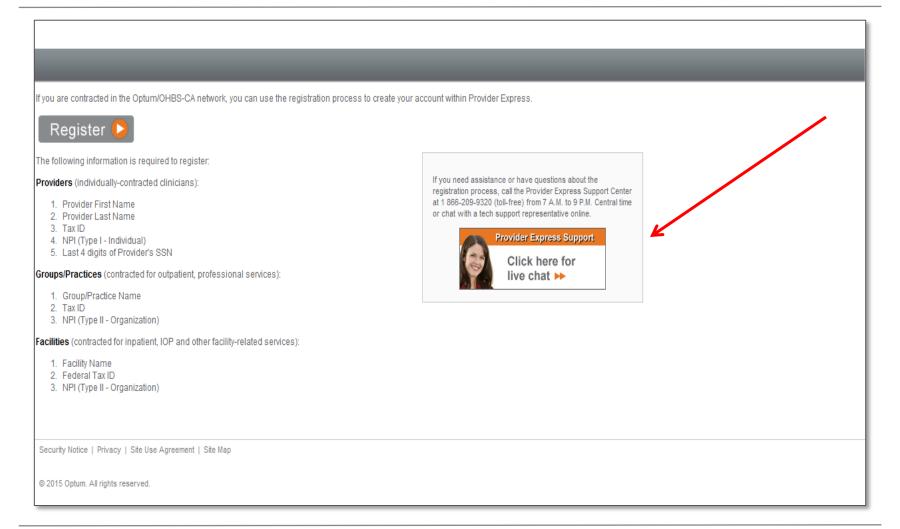

Provider Express Home Page – Log In

Provider Express – Tech Support Live Chat feature

My Practice Info – Group Login

- Group logins will see a difference in the My Practice Info page due to how they are set up in the internal system
- Clicking on the "View Address Info" button will display the locations page specific to that group

My Practice Info – Practice Locations for Group Logins

- The Practice Locations page for group logins also looks different from individual logins
- Users can click on the "update" or "delete" links to the right of any address, and/or can click on the Add New Location button at the bottom
- With any of these updates, if there are individually-contracted providers for that group, there are options to choose which provider(s) the update/delete/add affects

My Practice Info - Practice Locations Our records indicate that Diamond Grove Center has the following locations. To add a new location, click Add New Location. Any requested changes will be reflected in 3 to 5 business days from the time of request. Address Address Type Phone Secured Fax Conditions of Address Action 123 Anywhere Street Remit, Practice, Primary (555)555-5555 None Listed update | delete Add New Location

UnitedHealthcare provider website

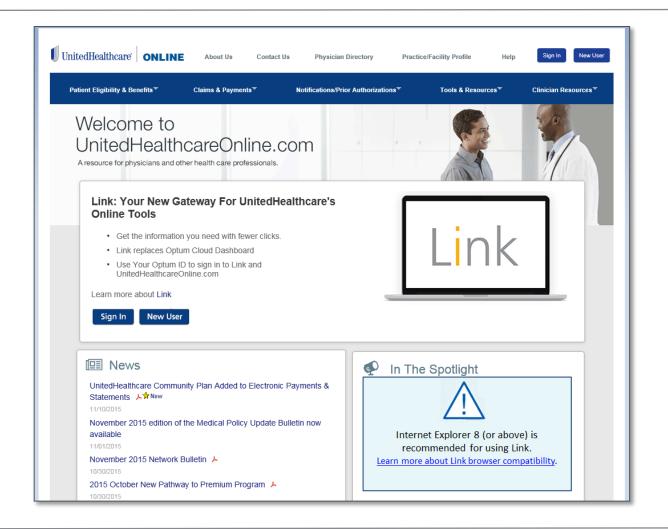

unitedhealthcareonline.com

- Secure transactions for Medicaid include:
 - Check eligibility and authorization or notification of benefits requirements
 - Submit professional claims and view claim status
 - Make claim adjustment requests
 - Register for Electronic Payments and Statements (EPS), including Electronic Funds Transfer (EFT)
 - To request a user ID to the secure transactions on the unitedhealthcareonline.com, select Enroll Today from the Home Page; you may obtain additional information through the Help Desk at 866-842-3278
- For member eligibility, claim status, and reference materials, go to <u>UnitedHealthcareOnline.com</u> > Tools and Resources > UnitedHealthcare Community Plan Resources
- Customer Service for website support: 800-600-9007
